**Dear Waclaw and Slawek Krankowski, EMACI LOC, The Officials , The Volunteers , The city of Torun and all the Athletes !**

On behalf of the EMA Council and the entire EMA team, I extend our profound gratitude to each one of you for your exemplary contributions to the recent sports event in Toruń. Your dedication and enthusiasm brought to life a championship replete with remarkable achievements, high performances, and an abundance of joy and camaraderie.

Thanks to your efforts, we experienced one of the most memorable championships in our history. The records set and the standards achieved have not only elevated the event but have also set new benchmarks for the future.

We are deeply appreciative of your hard work and commitment which made this possible. This event will undoubtedly hold a special place in our annals, remembered for its excellence and the spirit of friendship that pervaded it.

## **14. THE EUROPEAN MASTERS INDOOR ATHLETICS CHAMPIONSHIPS**

### **THANK YOU !!!**

Today, a dozen or so days after the Championships ended, long after the emotions died down and we're all at ease, we can say with complete confidence – THANK YOU!!!

We would especially like to express our gratitude to the athletes who decided to come to Toruń over the last nine years in such large numbers, some for the fourth time. To us, it is the biggest thank you for our efforts in organising the Championships. We want to thank the EMA authorities for granting us the privilege of hosting the European Championships and the City authorities for their guarantee of support for this initiative.

The athletes, visitors, and the authorities of European Masters Athletics all agreed that the tournament was organised professionally and on par with the standards set by the European Championships. It was our joint, great success. Mutual understanding, great kindness and shared effort lay at its foundation. The athletes, organisers, judges, technical, medical and volunteer teams rose to the challenge. Everyone had one goal: to derive maximum satisfaction from participating in this great event. In our opinion, most of us have achieved this goal. The record-breaking results of the athletes along with the professional handling of the competition (there was only one protest ) and its safe completion (only minor medical assistance was required) prove that.

Organising a sporting event of this magnitude gives us a lot of satisfaction. We want to thank each one of you for your commitment and contribution to this collective success.

I think that after a short rest, we will again invite athletes to Toruń, although perhaps not necessarily to the sports hall. Stand by for announcements from Toruń. Again, many thanks.

**Sławek Krankowski**

LOC General Director
